BIOS

Mark Belle-Isle (Cast) is a summer semester junior in Theoretical Physics, and would like to thank WPHS Theater Tech Director Daniel Dieter, former WPHS Theater Director Peelee Clark, Tooth & Claw Combat Arts Founder Casey Kaleba, and of course, Lorenzo and Despina Belle-Isle.

Lorenzo Carta (Cast) is very happy to yet again join the RPI Players to perform for the Big Gay Pride Fiasco. Lorenzo hopes you all have a wonderful time and that you enjoy the next hour of songs to come!

Annabelle Eugui (Costumes Designer, Wardrobe Manager)

Abigail Fischer (Asst. Director, Beautician, Cast) is a junior Game Design and Computer Science major and is going into her 3rd year with the Players. She is very excited to be performing as Eurydice and Glinda in this cabaret. She hopes you have a very happy pride.

Mayday Lakes (Cast) Local bizarre entity seen lurking around RPI, this Florida woman was never-before-seen in a Players' Production, making her debut HERE!! However, legends say she's played roles in Leading Ladies, Noises Off, and Into the Woods, and rumors have it she's working her way to a major in Game Simulations Arts and Sciences.

Jaiden Lemm (Sound Designer, Audio Engineer) is an electrical engineering grad student who joined RPI Players at the end of the Spring semester as a new sound engineer. While she hasn't done theater before the Players, she's done radio throughout college and decided it was time for a change of scenery. Since her love for music and audio has not dwindled, she's found a new home at the Players and hopes to leave a lasting positive impact in the audio department :)

Mick McCartney (Publicity Artist) Although he is currently working with Dorset Theater Festival in Vermont, they still wanted to stay connected to his roots and friends in Troy. Mick is a rising 6th Year Music Major (after some major switching shenanigans) at RPI, planning to graduate in the Spring. Although he's usually found in Lights or Sound, he wanted to help out however he could for this production and found himself as the Publicity Artist. He is perpetually sending good vibes from the hills up north, knowing the Players in Troy will knock it out of the park!

AJ Mirabella (Asst. Producer, Hair & Makeup Designer) is a Junior majoring in biology. This is their 6th production with the RPI Players. Additionally, they have been a member of both ECOMM and TCOMM as Publicity Director and Props Chair. For the Pride Cabaret they are the Hair and Makeup Designer as well as Assistant Producer.

Joaquin Molinari (Director, Properties Designer, Set Designer, Cast) has been doing theater for 7 years (4 of them with the Players), and is excited to be making his directorial debut. He is currently a Chemistry Master's student at RPI. Previous acting credits include Chuck Biggs in *She Kills Monster*, King Alonso in *The Tempest*, Harry Wrenwood in *Matilda*, and Conny Collins in *Hairspray*. Previous production credits include Assistant Director for *The Brothers Grimm Spectacular*.

Sterling Nowosielski (Producer, Musical Director, Publicity Director, Cast) is a Physics/Mathematics dual junior at RPI. Notable stage appearances with the Players include JD in *Heathers* and Percy Jackson in *The Lightning Thief*; they were the director for *The Brothers Grimm Spectacular*, and they will be co-producing the mainstage fall play *The Man Who Came to Dinner*. They are on both ECOMM and TCOMM as the current Publicity Director and Co-Costumes Chair, and were previously Co-Hair & Makeup Chair. They also are the music director and sing Tenor 1 for *Duly Noted*, RPI's only lower voices a cappella group! They would like to thank everyone in the cast and crew for putting in this amount of effort during the summer semester (it really shows!), and hope you enjoy the show!

Keira Trout (Asst. Stage Manager, Beautician)

Alex Wallach (Stage Manager) This is Alex's first show as a Stage Manager, and he finally has some clue of how to do the job! He is a junior Mechanical Engineering major and has been with the RPI Players for 2 years now and is the

current lighting department chair, where he has spent the last 6 months cleaning and repairing the entire lighting inventory. Now that he is almost finished, he is proud to say that actors and audiences will finally be safe from damaged equipment and electrical hazards! He would like to thank the EMPAC staff for all of their knowledge, as well as Natasha Gangji for being such a great Stage Manager to work with in high school. He also wants to remind the cast to Protect Loader, don't touch other people's props, hang up their costumes, drink water, and break legs!

Danielle Za-Cara Pettway (Cast) has been in many Players' performances in her years with the Players. From Heather Duke in *Heathers* to Clarissa and Chiron in *Percy Jackson: The Lightning Thief*. She's happy to lend her voice once more for such a fun and fabulous show. She hopes this converts more people into the theater scene and you all enjoy the show!

* = Alpha Psi Omega Member

Special thanks to Upper Hudson Queer Alliance and the Rensselaer Pride Alliance for putting together this event! We wouldn't be here without you.
